Sample Outline

Chess

I. Introduction

II. How pieces move

- Pawn

=> Moves up and captures diagonally

- Bishop

=> Moves AND captures diagonally

- Rook

=> Moves up and down and side to side. Captures the same way

- Queen

=> Moves and captures like a bishop + rook.

- King

=> Moves and captures like a queen. EXCEPT it can only move one square at a time. (A really slow queen).

- Knight

=> Moves up and down and side to side. Captures the same way

III. How is it relatable to the audience

- It can help them become smarter.

- They can play chess with their family members and get a good quality time with elderly.

- Mention the benefits of playing chess. It improves your cognitive abilities.

V. Chess Secrets

- Teach them chess board notation if there is some extra time.

VI. Conclusion
